

THE ENTERPRISE.

Volume 11.

SOUTH SAN FRANCISCO, SAN MATEO COUNTY, CALIFORNIA, SATURDAY, OCTOBER 13, 1906.

Number 51.

Armour Hotel Destroyed

Fire visited our young city Thursday night for the first time in seven years. At about 11:30 the town people were awakened by the rapid ringing of the fire bell to find the sky over the eastern part of the town lit up by flames from the Armour Hotel. The fire was already beyond control when the hose carts arrived, and it was with hard work, plenty of volunteers and a good supply of water that the Brandrup property on the south and the Del Paso and Central Hotels on the east were saved. The fire was discovered in the kitchen of the Armour Hotel by G. Felton, the baker, who gave the alarm. The flames consumed all the Armour Hotel property occupied by Nichols & Warcup and the bakery building occupied by G. Felton, the property all belonging to Mrs. A. Michenfelder of San Francisco. A cottage on Cypress avenue belonging to D. O. Daggett was also burned to the ground. The total loss is estimated at about \$12,000, mostly all of which was covered with insurance. The fire is supposed to have started from a defective flue. Mr. G. Felton was burned out in San Francisco on April 18th, and had just built up a good business here when his second misfortune befell him. The flames acted with such rapidity that nothing was saved from any of the burned buildings.

Fire Protection Meeting.

A meeting of the citizens of South San Francisco was held in Metropolitan hall on Monday evening to consider the question of additional and improved fire protection for this town. E. W. Langenbach was chosen president of the meeting and George H. Chapman secretary. The chairman stated the purpose of the meeting to be to secure better protection against loss by fire for the town. No meeting of the fire commissioners having been held during the present year it was suggested that an early meeting of the commissioners be held.

Upon motion the board of fire commissioners were requested to take the necessary steps at the very earliest day practicable to extend and enlarge the fire district, to include all taxable property within the town limits.

On motion it was declared the sense of the meeting that the fire commissioners should without delay take steps to raise money to buy the additional apparatus and equipment necessary, including hook and ladder, more hose, and a chemical engine.

Upon motion the meeting requested the South San Francisco Land & Improvement Co. to put in more hydrants. Upon motion of Mr. Wood it was decided to ask the fire commissioners to use the funds in the treasury to purchase more fire hose.

Mr. M. Healy declared his readiness to give a site for an additional hose house in the north end of town, and it was voted that the fire commissioners be requested to take Mr. Healy's generous offer under consideration.

Peninsular Edition of the News Letter

The Peninsular Edition of the San Francisco News Letter, an advertisement of which appears on another page of this issue, will be published October 17th. This edition will be of great interest to all our readers as well as to this entire Coast. Our own town, through the untiring efforts of our Board of Trade, appears on the first and following pages with a complete descriptive write up, giving in detail the many advantages as a factory and workman's town. There will be 60,000 copies of this issue and every effort should be made to see that it falls into the hands of prospective homeseekers.

For Congress.

The people of the Fifth Congressional District should, and we have no doubt they will, re-elect the Hon. E. A. Hayes as their representative in Congress. Mr. Hayes has won his spurs as congressman. He has demonstrated in his first term the fact that he is a vigilant representative, alive and awake and always on guard to protect and advance the interests of his constituents and State. He has been tried and found able as well as watchful. He is clean as well as capable. By nature honest and by his own efforts or the smiles of fortune well off in worldly gear, graft has no hold or power over him. And last and most important of all, he is in accord with the virile administration of Theodore Roosevelt, which has two years yet to the good. E. A. Hayes, or Red Hayes, the Republican nominee, is the man for the people of the Fifth district, and will be their representative in the next Congress.

The Plain Truth.

These are good times. Prices are good. Wages are good. The money is sound and good and there is enough of it to pay everything.

It goes without saying, that every one wants a continuance of present conditions so far as the present prosperity is concerned.

This great country of ours has been prosperous through a full decade. It has had ten years of good times. This era of national prosperity dawned upon these United States in November, 1896, after the ballots had been counted and it was found that William McKinley had been elected President. Under McKinley, and under Roosevelt, with Republican supremacy in all branches of the National Government, this tide of prosperity has risen higher and higher with each succeeding year.

—This is a great big fact. Democratic and Free Trade politicians and theorists will assail it in vain. It is there and it cannot be belittled or wiped out.

This year the fight is for control of the lower house of Congress. Every man, be he wage earner, working man, clerk, merchant, farmer or capitalist, should vote straight for Republican Congressmen. In this Fifth Congressional District of California such a vote means a vote for the Republican nominee, Hon. E. A. Hayes, of San Jose.

Republican Meetings Arranged For.

The Republican County Committee met in San Mateo last Saturday and arranged for campaign meetings throughout the county, as follows:

Colma, October 16th
South San Francisco, October 18th
San Mateo, October 20th
Redwood City, October 22nd
Menlo Park, October 24th
Woodside, October 26th
Pescadero, October 27th
Halfmoon Bay, October 29th

There will be music and bonfires at each meeting, and in addition to all the county candidates, it is expected to have eloquent speakers of State renown to expound the principles of Republicanism. At intervals, yet to be announced, the Republican State Central Committee will provide speakers who will stump the county in the interest of the State candidates.

Democrats Set Dates for Rallies

The Democratic County Committee met in Redwood City last Wednesday and arranged for campaign meetings as follows:

San Mateo, October 15
Redwood City, October 17
Spanishtown, October 18
Pescadero, October 20
Colma, October 22
South San Francisco, October 23
Menlo Park, October 26

In addition to the above there will be State meetings at South San Francisco, San Mateo and Redwood City.

If you own a home, every spare moment will be used to improve and beautify it.

Plant Trees.

The rainy season will soon be with us. Get ready to plant trees and beautify your property. Every ornamental tree planted on your property adds ten dollars to its value. Aside from adding to the value of your property it beautifies the town and causes others to come here to live. In a climate like ours where everything grows so readily there is no reason why we should not have a beautiful town. Plant trees and make your home attractive.

New Reading Room

By unanimous vote the officials of the Methodist church agreed last Monday night to open the chapel evenings as a public reading room. Tables are now being made for the purpose, and in a few days everything will be in readiness. Quite a variety of choice magazines and papers will be placed on the tables. Games of a proper sort will be added from time to time. It is believed that the public will appreciate this generous spirit on the part of the Methodist trustees.

Building Active.

Building still continues lively in our town. A number of new residences are under construction and many more are waiting for supplies so they can begin. A great building era is upon us and the growth of our little town will be phenomenal within the next year. To those who have been here for years and have witnessed the years of adversity here a slow to grasp the idea that our town has just now arrived on the verge of a strong, healthy, vigorous growth. Strangers coming to our town see at once its great possibilities and are not slow to invest. The construction of the big smelter at the Point is going steadily on notwithstanding the great scarcity of labor and material. All our old business houses are enlarging and new firms are locating every day. The future of South San Francisco is assured and now is the time to avail yourself of opportunities before prices soar beyond your reach. A dollar invested now means two a year or two hence.

Better Fire Protection.

The action taken by our citizens on Monday evening looking to better protection for property against loss by fire was wise as well as timely. With a moderate outlay for equipment this town can be placed upon a basis where it can ask for and obtain much better rates than those which they at present obtain. Insurance is an essential factor in the economic life of all modern communities. It is also a permanent tax. The first question asked by the intelligent prospective investor is as to the tax rate, what is the cost of insurance and what is the rate for State, County and Municipal taxes. The rates for insurance are dependent almost solely upon the hazard. Fire insurance companies are shy of risks carrying a high rate and seek those with a low rate.

As soon as this town has provided sufficient protection against fire it will be accorded a special rating, low in proportion to the protection provided. This is a matter of vital importance in the development of this town.

The Fire Commissioners should act at once. Enlarge the fire district and provide better protection against fire losses.

To the Public of South San Francisco

A. E. Graham, optician, wishes to announce that he will be located at the South San Francisco Pharmacy, for the purpose of testing eyes and fitting and repairing of glasses.

A full stock of optical goods, including lenses, mountings, goggles, dust protectors, dark glasses, chains, etc., will be carried. Repair work will receive prompt attention.

Hours—Saturday afternoons and evenings and Sunday mornings. The testing of eyes will be free.

The man who owns his home is settled in life and for life. He has an interest in the community and the community feels and takes an interest in him.

Mr. Chalmers is erecting a home on Miller Avenue.

P. Lind is spending a week's vacation in the interior.

Mr. and Mrs. S. N. Brown are spending a couple of weeks in Lake County.

Enlarge the fire district and increase the protection against fire.

Mrs. H. L. Morehouse, of San Mateo, was up visiting friends Wednesday.

Work is progressing nicely on the Winterhalter residence on Grand avenue.

Ricardo Molinari has purchased lots 54 and 55 in block 97 and is building a home.

Miss Jennie Lawson, who has been visiting friends in San Jose, returned Monday.

Mr. M. Rothenberg, of San Francisco was in town the first of the week looking up real estate values.

McSweeney Bros. have begun work on a three story 52 room hotel on their lot corner Grand and Division avenues.

Mr. Jacobs, of the Jacobs Company, was down Wednesday looking after the store they are building here.

W. F. Yount, regular Democratic nominee for County Clerk, was a caller Wednesday, looking after his political friends.

"For Recorder, J. F. Johnston." That's the way the returns will read when the votes are counted November 6th.

The new store building being erected for the Jacobs Company is nearing completion and will soon be occupied by this company.

What has become of our improvement committee? Now is the time to get people to plant trees and beautify their property. Keep the ball rolling.

Clarence Hayward was renominated by a unanimous vote. His election will be by such an overwhelming majority that it will be practically on the same lines.

Save every penny. Start a home purchasing fund. Get a bit of ground; build a house; own your home and realize the sensation of freedom and independence home ownership brings to every man.

Joe Enlock will go in with the same magnificent majority he received some years ago. He will win by an overwhelming vote, and besides will help to swell the vote for the entire Republican ticket.

Of all the dwelling houses erected since this town was founded, one-third belong to the working men and wage earners of our town. This is fine, but let us all strive to go one better, and raise the ratio to one-half.

Mr. E. W. Langenbach has received a large stock of Fall and Winter Suits, Overcoats and Cravattes of the latest styles and patterns for men and boys. You are welcome to examine the clothing and be convinced that the prices are right.

Mr. J. Swift now has his new planing mill fully equipped and ready for business. This is a model little mill and as Mr. Swift has had a wide experience in this field he should meet with success. When in need of mill work give him an opportunity to figure with you.

Thursday was a Republican red letter day in South San Francisco. The Republican County nominees took possession of the town. Treasurer P. P. Chamberlain, Assessor C. D. Hayward, Tax Collector C. L. McCracken, Recorder J. F. Johnston and Auditor W. H. Underhill made the grand rounds, shook hands with old friends and made a merry day of it. The vote for the Republican ticket November 6th will be a rousing majority.

R. H. Jury will undoubtedly be re-elected to the Assembly from this district. He is clean, capable and popular. He has had two years' experience at Sacramento as a legislator, which gives him just so much the advantage of any new man, and in those two years he has proven himself the right man in the right place. We have nothing to say personally against his opponent. The people know both men. They want an active, live, energetic representative, and Mr. Jury is that man.

A Notable Month In California.

September has been a notable month in the progress of California. Reports from all points indicate a large increase in traffic and population. Business has increased over 50 per cent over that done during the month of August.

The labor supply is still inadequate to meet all demands, both in the cities and country districts. All over the State there is a great demand for skilled artisans and ordinary laborers.

Statistics show that the cost of living throughout the state has not materially increased except in rents, and these have been raised on an average of 15 per cent.

San Jose also reports great activity in building circles, and the demand for labor is heavy at that point. All the interior valleys report heavy increase in passenger traffic into California, the Ogden route alone showing that 14,000 people came to California in September over that line.

The harvest of the hop crop is over, and both Mendocino and Sonoma counties report the heaviest crop in their history. In Sonoma county nearly a quarter of a million dollars was paid to labor for its share of the hop crop.

The grape crop is reported to be extraordinarily heavy in all parts of the state, and is now being harvested. The raisin crop of Fresno county is reported to exceed that of many previous years.

Dead Woman Identified

The remains of the unfortunate woman who was killed by a Southern Pacific train near Colma last Friday has been identified as those of Mrs. Rosa Maggi, who for some time had been engaged in raising flowers near the scene where she met her death. When she was picked up there was in her clothing coin to the value of \$90 and several valuable rings, together with other articles of jewelry.

Pioneer of Woodside Passes Away.

W. J. McNulty, one of the pioneers of Woodside, died at his residence in that place last Saturday. Some months ago he was badly injured by a fall, which is supposed to have aggravated his then feeble condition and hastened his death.

Mr. McNulty was a native of Pennsylvania and came to this county in the early 60's, making Woodside his home. His many friends regret his demise and Woodside and San Mateo County in general will miss a progressive and honest citizen in the person of Mr. McNulty.

The MENLO PARK PROGRESS joins with the many friends of the family in extending its sympathies and condolences to the bereaved family.

The Board of Supervisors of San Mateo County met on Monday and adopted the proclamation for the general election in November. The election officers will be chosen at next Monday's meeting.

Throughout the county Dr. H. G. Plymire is receiving highly complimentary notices from the county press, touching his fitness for the office of Coroner and Public Administrator. The Doctor will be elected, and in office will prove to be one of the most capable and popular officers ever elected in this county.

Our popular and successful Physician, Harry G. Plymire, who received the nomination for County Coroner and Public Administrator at the hands of the Republicans at their last County convention is making a lively campaign. He, in company with Tom Connelly, left Wednesday for a visit on the Coast side. The Doctor does politics like he does everything else, with vim and vigor, and will visit all parts of the county. A vote for the Doctor is a vote for a clean, competent man, and one worthy to bear the standard of the Republican party.

SATURDAY, OCT. 13, 1906.

Bullock for District Attorney.

From the Menlo Park Progress.

Among the nominations made at the Republican County Convention at San Mateo Saturday was one that was an honor to the Republican party and which will attract considerable attention and influence. Respected by all classes and feared by the lawless Joseph J. Bullock, the present incumbent in the office of District Attorney of San Mateo county stands to-day as a leading light of the California bar and an honored and respected citizen of San Mateo county.

In his speech of acceptance Mr. Bullock pledges himself to the support of the Republican party and stated that from the time he cast his first vote until the present he has always been a Republican and an adherent of the principles of Republicanism. He asked for the support of all

JOSEPH J. BULLOCK

present, promising in return to do his utmost to conduct his office along the present lines with an impartial feeling to all. Justice will be blind to friends and influences when a crime against the laws has been committed. He promised to be as active as ever in the prosecution of offenders as he has been in the past and will never be remiss to the duties imposed upon him by law.

Mr. Bullock is too well known in San Mateo county for any introduction to its residents. Suffice to say that he has held his present office for the past eight years, and during that time has a record unequalled in the history of this county.

Leaving politics aside, Mr. Bullock is in every way the man for the position. His education and experience has eminently fitted him for the position, besides his present record is more than sufficient to satisfy the most critical.

Mr. Bullock is the choice of the Republicans and is also the choice of those who live within the law and strive for the honor and interests of San Mateo county.

To the Many Customers of the People's Store.

Having purchased the large stock of merchandise formerly owned by M. Cohen and known as the People's Store, it gives me great pleasure to announce that within a few days I will receive a large and complete stock of goods, consisting of men's and boys' clothing, hats, caps, boots and shoes, notions, dry and fancy goods and everything in general in the line of wearing apparel for men, women and children. You are all cordially invited to call and inspect our goods.

Ask your butcher for meat from the Great Abattoir at South San Francisco, San Mateo County, California.

Falls 2,300 Feet in the Yosemite. Wanona, Cal., Oct. 9.—H. W. Tupper, a member of the Yosemite electric railway surveying party, fell 2,300 feet off a cliff near Glacier Point late Saturday night. His body has not been recovered.

Tupper, who was following a trail with F. J. Boland and J. A. Leary, undertook to take a short cut. He led the way and his friends followed. Leary and Boland called to Tupper to return, fearing to walk in the dark. They retraced their steps and Tupper, who refused to return, continued on and said he would be at the hotel in ten minutes. He did not arrive. A searching party under the direction of Major Benson is looking for him.

The missing man is 22 years old and is the son of H. C. Tupper, a Fresno attorney.

President Wants Platt's Seat.

Washington, Oct. 9.—Reports that President Roosevelt wants to be Senator from New York are being revived. His friends say that the President frankly admits his ambition to succeed Senator Platt. He is becoming more and more the leader of the New York Republicans, and State Chairman Woodruff consults him upon the conduct of the present campaign almost daily. Other leaders submit their plans to Washington before proceeding.

Bribery Indictments in Oregon.

La Grande, Ore., Oct. 9.—The Grand Jury of Union county yesterday reported indictments against J. C. Smith, a saloonkeeper, charging him with having bribed members of the City Council of La Grande and against Councilmen E. W. Bartlett and S. A. Gardiner, charging them with accepting bribes.

Crushed by Ocean Shore Car.

Santa Cruz, Cal., Oct. 9.—Ray Miller was brought to town yesterday to the hospital with both legs badly crushed. He was employed as a bridge carpenter on the Ocean Shore Railroad and was run over by one of the cars used for hauling dirt. The accident occurred at Liddells.

Steamer Shasta Abandoned.

Santa Barbara, Oct. 9.—The steamer Shasta, which went on the rocks at Point Conception last Friday still lies on the rocks where she was abandoned and is being rapidly pounded to pieces by the waves. She will be a total loss.

Root Will Stump New York.

Washington, Oct. 9.—Secretary Root is to make a campaign speech in New York October 22. He will speak in Carnegie Hall. This announcement was made today by Chairman Sherman of the Republican Congressional Campaign Committee after a conference with the President.

Rousing house furnishing bargains in Crocker, Agate and Tinware at the People's Store, Wm. Schneider, Prop.

S. F. NEWS LETTER

721 Market St., San Francisco

PRICE 10 CENTS

TO MANUFACTURERS

The earthquake did but little damage to South San Francisco. The industries located here, the Western Meat Company, the Wool Pullery, the Butler Brick Company, the Pacific Jupiter Steel Company, the Steiger Pottery Works, the W. P. Fuller White Lead Works, and other enterprises, are all in full operation today. Not one of them having suffered any serious impairment by reason of the earthquake.

The South San Francisco Land and Improvement Company planned South San Francisco as a manufacturing suburb to San Francisco. With that object in view they originally purchased 3,500 acres of land in San Mateo County on the bay front five miles south of the City of San Francisco, and have developed their property so that today they possess perfected nearly every feature desired by manufacturers.

SOUTH SAN FRANCISCO

Is a railroad terminal; is on the main line of the Southern Pacific Railroad and accessible to all railroads; has deep water communication; owns and operates for its industries, a railroad connecting with the Southern Pacific and the water front; has electric street car service from factory to town and direct to San Francisco; has an Electric Light and Power Company; owns an independent water works, and has an abundance of fresh water for factory and house; has wharves and docks; a perfect sewerage system; a bank; a town hall; and a population of 3,000 people; an extensive and fine residence district, where workingmen may secure land at reasonable prices, and on favorable terms, as homes for themselves and their families.

→ FACTORY SITES ←

Can be obtained from the South San Francisco Land and Improvement Company on most reasonable terms.

The American Smelting and Refining Company recently purchased from this Company 200 acres of land and are on the ground today arranging for the immediate construction of a plant costing upwards of \$5,000,000. This means a vast increase in population, and a great augmentation for the benefit of all industries of every detail pertaining to rail and water communication.

*For Manufacturing Purposes South San Francisco Has No Equal
On San Francisco Bay.*

Parties desiring locations should apply at once to.
